Phone (530) 644-3687

Dear Mr. Moody,

This is to confirm our ability to accept responsibility for providing water to your location. At this time we are declining to provide an exact quotation due to the nature of your time frame. Once an estimated date is set we will meet to discuss the current pricing. You have indicated an estimated usage of 50,000-60,000 gallons per day, which we will supply and maintain for your potable water needs.

Aeropure Water has been in the water delivery business for over 17 years and can guarantee a five to ten year water supply for your project regardless of how the political winds blow. Please call if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "David E. Phillips". The signature is fluid and cursive, written over a horizontal line.
